

Meaning of the Wedding Rings 22

It's All About The Ceremony!

You've both chosen to wear rings as a reminder of these promises. People often say wedding bands are a perfect circle, with no beginning and no end. But these rings did have a beginning. The stones were formed a long time ago deep with the earth. Eventually, a series of lucky events caused them to rise to the surface, where someone dug them up. Metal was then liquefied in a furnace at a thousand degrees — molded, cooled, and painstakingly polished. Something beautiful was made from raw elements. Love is like that. It comes from humble beginnings, and through a combination of serendipity and effort, imperfect beings shape it into something extraordinary. It's the process of making something beautiful where there was once nothing at all. As you look at these rings over the years, I hope you remember that. You've created something invaluable, and just as I know you'll protect these rings, I'm confident you'll protect the commitments you've made to one other today.
