Gravitation

Albert Einstein

"Gravitation cannot be held responsible for people falling in love. How on earth can you explain in terms of chemistry and physics so important a biological phenomenon as first love? Put your hand on a stove for a minute and it seems like an hour. Sit with that special girl for an hour and it seems like a minute. That's relativity."

I do not claim to be the original author of this script. I am sharing it like this to make it easier for anyone to use.
