### From One Tree Hill

"Remember tonight, for it is the beginning of always. A promise. Like a reward for persisting through life so long alone. A belief in each other and the possibility of love. A decision to ignore, simply rise above the pain of the past. A covenant, which at once binds two souls and yet severs prior ties. A celebration of the chance taken and the challenge that lies ahead. For two will always be stronger than one, like a team braced against the tempest civil world. And love will always be the guiding force in our lives. For tonight is a mere formality. Only an announcement to the world of feelings long held. Promises made long ago. In the sacred spaces of our hearts."
