

Ring Warming Ceremony Script Option 3

It's All About The Ceremony!
www.weddingceremonypro.com

It is widely believed that precious metals hold energy. The more enduring the object the more the energy will be absorbed. At this time I would like to invite the wedding party to pass the rings between one another and to warm the precious metal with your wishes, prayers, and blessings for Russell and Heather. As they do this I ask that all present say a silent wish or prayer for this couple, for their marriage, and their future. Bride and Groom, these rings now contain in their precious metal, that which is more precious and yet priceless, the love and support of your family and friends.

I do not claim to be the original author of this script. I am sharing it like this to make it easier for anyone to use.
