Hello everyone and welcome. Thank you for joining us on this day of gladness and good fortune. Bride and Groom are coming together to publicly proclaim their undying love through the celebration of their marriage. We are all here to learn about loving and being loved, and to watch the miracle of love exchanged enriches every one of us. Therefore, we appreciate the opportunity to witness the shared love of this beautiful couple. Their enthusiasm is contagious, their certainty of their destiny together is inspiring and their great expectations give us all a glimpse of the heights love can reach. Marriage is a very special place. It's an oasis, a haven, and a sanctuary where we can safely learn about ourselves in the presence of another. Like the harmony with the melody, marriage weaves two lives together, creating a deeper and richer song. We are honored that Bride and Groom are sharing some of their beautiful music with us on this day. We ask that the vision they have of one another always reflect the electric attraction that first brought them together. And we pray that, as they enter into the lifelong bond that is marriage, they may always see one another in the light of all light; the light of love.
